ÇİMTAŞ MACHINING is the most technologically advanced member of ÇİMTAŞ GROUP; providing complex gas turbine parts & modules to the leading OEMs of both the power and aerospace industries.

More than **580** Projects in **58** Countries
More than **65 Billion USD** Historical Contract Value

46th @ ENR Top 250 International Contractors List - 2025
More than **20,000** Employees

SUSTAINABILITY

Çimtaş, along with the efforts to attain its wide-range social and economic sustainability goals, is striving to reduce its environmental footprint with all solar-powered facilities, paperless processes and responsible water & waste management approach; and by caring for an olive yard with a tree for each of its employees, a special olive kind awarded with protected designation of origin (PDO) status by the European Union at region where Çimtaş's core facilities are located.
